## Specifications

### Description
Indoor ceiling mounted mid size security light, CUL listed for damp location. Designed for garage or indoor applications. 150W High Pressure Sodium for 120V application.

### Lamp Wattage / Type
• Supplied with 150W clear medium base, B17 HPS.

### Features
• Designed for commercial applications.
• Fast and easy mounting to reduce installation cost.
• UV stabilized polycarbonate diffuser gives strength against breakage.
• Powder coated steel reflector provides low glare visibility.

### Housing
• Die-cast aluminum housing designed for maximum heat dissipation.
• Low profile design to give maximum underside clearance.
• Electrostatic powder finish in bronze and white.

### Electrical
• HID ballast, class "H" insulation, available as normal power factor with 120V input.
• Capable of starting from -20ºC.
