## Features

### LED Tape

A 21.6W LED tape, providing normal brightness light output while maintaining cool to the touch LEDs. A linear beam spread of 120° maintains an even light distribution. The LED tape is rated IP68 making it ideal for indoor or outdoor use. The LEDs are rated for 50,000 hours. Connection to power source via a water-tight connector (2.1 DC Jack). An IP68 rating makes it ideal for use in any outdoor application. Connects to a plug-in driver via power feed with water-tight connectors (LED-TP-72-DC-PF – sold separately) or to a hardwire box via water-tight connector to bare leads power feed (LED-TP-72-PF – sold separately).

### Cuttable

The LED tape light is cuttable (cutting marks available at 10cm intervals). PVC glue and termination cap (included) shall be added to the end after cutting.

### Light Output

Available in cool white (5500K) ±500K or neutral white (4100K) ±300K

colour temperatures, this LED tape light comprises of 300 LED units providing 1300 and 1200 lumen output respectively.

### Dimmable

The LED tape light is dimmable when used with a compatible dimmable LED driver.

### Mounting

Adhesive 3M backing on the tape that adheres to any surface. Additional 10mm support clips (10 pcs – sold separately) for added mounting security when required.

### Kit Includes

- Five meter LED tape.
- Mounting hardware.
- Termination cap.
- PVC glue bottle.

### Operating Temperature

-20°C ~ 45°C (-4°F ~ 113°F)

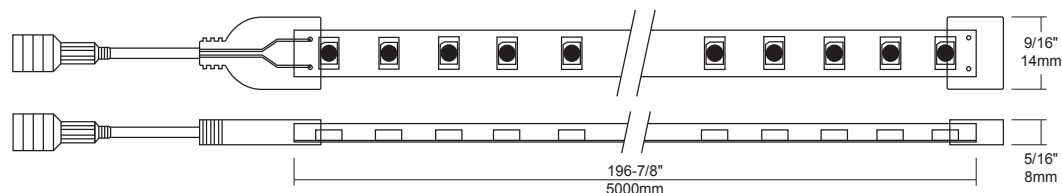

## Description

The LED-TP5-5M is a five meter flexible LED tape light available in cool white or neutral white light source. The LED-TP5-5M is surface mounted and is rated for indoor or outdoor use, which makes it excellent for accent lighting in kitchen cabinets, coves, furniture, backlighting and many other outdoor applications.

**Notes:** Accessories should be ordered separately. For additional options please consult your Liteline representative. Due to our continued efforts to improve our products, product specifications are subject to change without notice.

## Ordering Guide

### LED-TP5-5M-CW

Cool white (5500K) five meter flexible outdoor LED tape light

### LED-TP5-5M-NW

Neutral white (4100K) five meter flexible outdoor LED tape light

## Accessories

### LED-TP5-5M-CL

Optional clips to be used for mounting LED-TP5-5M series.
