

CAUTION: Before wiring and servicing, power to this time switch and the equipment it controls *must* be turned off at the main panel. Replace this insulator after wiring.

AVERTISSEMENT: Avant de procéder à l'installation électrique ou à son entretien, le courant de l'interrupteur de la minuterie et de l'équipement qu'il contrôle doit être débranché au panneau principal. Remettez cet isolateur en place une fois le câblage terminé.

PRECAUCION: Antes de conectar ó dar servicio a este aparato se deberá desconectar desde el interruptor principal al alimentación de energía eléctrica, tanto del - Interruptor Horario, así como del equipo que controla. Favor de colocar esta protección en su lugar después de realizar las operaciones de alambrado.

TORK®
