Tools

Cable Ties, Installation Tools & Crimpers

- **TRT:** Ergonomic, high quality durable cable tie tools suitable for tensile strengths from 18lb through 250lb extra heavy lashing ties.
- **SSCT:** Stainless Steel manual tools are ergonomic, high quality durable cable tie tools suitable for 100lb and 250lb tensile strength stainless steel ties.
- **Ratchet-Drive Crimpers:** For non-insulated terminals from 6 to 1/0 AWG and insulated terminals from 22 to 8 AWG. Rugged, compact and lightweight. Requires minimum effort due to ratchet action, ensuring an excellent crimp every time.
